OFFICE OF PETITIONS

Sir:

Applicant believes that the Notice of Abandonment was issued in error due to the failure of the Patent Office to process and enter Status Inquiries and Change of Address into appropriate file. Applicant hereby request reconsideration and withdrawal of the Notice of abandonment of the above-identified patent application.

The Patent Office issued a Notice of Abandonment (Paper No. 27) due to Applicant's failure to respond to the Office letter mailed August 7, 2002.

Attached are copies of the papers filed and copies of the return postcards with the PTO dates of receipt stamped thereon. Applicant filed Status Inquiries on April 7, 1999 (Exhibit A), May 26, 2000 (Exhibit B), September 21, 2000 (Exhibit C) and November 20, 2001 (Exhibit D). A Change of Address was also filed on November 20, 2001 (Exhibit D). On May 28, 2003, because the Patent Office did not respond to the applicant's inquiries, applicant called the Board of Patent Appeals and Interferences where the application was being reviewed by the Board, and learned from the Clerk, that the application was abandoned due to failure to respond to the Office letter and, the case was probably sitting in the warehouse. During the second week of June, in telephone conversations between Examiner Webman and my secretary, Mary Allgood, it was noted by the Examiner that the Status Inquiries and the Change of Address correspondence filed were never matched up with the application file.

After investigating the facts, it is clear that the subject application was unavoidably abandoned. Applicant respectfully solicits a favorable decision of Revival of the subject-application.

Respectfully submitted,

MILES & STOCKBRIDGE
